## Best Practices for the Academic Session- 2020-21

The institution observes the Foundation Day on 13th August every year to commemorate the selfless contribution of the founders for establishing the institution to create opportunities of higher education in the rural tribal backward area. Blood donation camp is organised in the honour of founder members on the eve of foundation day. The retired faculties and non-teaching staff are felicitated for their dedicated service in the institution. University toppers are felicitated with cash award for inspiring and motivating students for better performance. Environmental initiatives are taken for eco-friendly campus. The passionate involvement of college fraternity in community services significantly helps inculcating human values among students. CCTVs have been installed at different strategic points i.e. classrooms, library, veranda, main gate and office to maintain discipline and to conduct examination smoothly. Students' grievance box has been set up to receive complains from students. The problems are discussed in the Grievance Redressal Cell and solved within 3 days. However, the novel practice of honouring the selfless contribution of the noble souls on the Foundation Day along with felicitating the retired staff members was not possible due to Covid-19 Pandemic. Most of the physical activities were suspended during this period. The faculty members mostly paid keen attention towards keeping mental wellness and creating awareness relating to safeguard from Covid-19 among students through online mode. Priority was given for completing the syllabus and doubt clearing through online mode. Campus was sanitized and cleaned by staff members with the help of a handful of volunteers of NSS, NCC and YRC after the closure of Covid Care Centre by the District Administration.
